## 2020-2021

# Budget Development Update 

## February 20, 2020

## Christopher M. Berdnik, PCSBA Chief Financial Officer

## Mission Statement

Recognizing our proud traditions and diverse community, the Pennsbury School District prepares all students to become creative, ethical, and critical thinkers for lifelong success in a global society.

## Comprehensive Plan

## Our Plan Framework for 2020-2023

- Student Supports
- Academic Advancement
- Facilities

## 2019-20 Progress

- Pennsbury launched cyber learning.
- Infused STEM education into elementary education through the SPARK program.
- BoardDocs was implemented for electronic school board meeting management, providing the stakeholders greater transparency.
- The Pennsylvania School Board Association was contracted with to assist in modernizing Board policy.

## 2018-19 Legacy Challenges

## - EXPENDITURES

- Bucks County Intermediate Unit reconciliation for services rendered in 2018-19 of \$1.1 million, reflecting actual consumption exceed projected contract, is due in 2020-21. Not only is this a one-time cost, it means that the baseline was incorrect.
- Existing IEPs required additional paraprofessional support. This is the only net staffing increase built into 2020-21 payroll estimates.

## 2019-20 Legacy Challenges

## - REVENUES

- The real estate tax rate for 2019-20 was adopted at 170.076 mills ( $1.51 \%$ ), when the budget was built assuming 171.076 mills ( $2.11 \%$ increase).
- The lower millage rate generates $\$ 895,000$ less.
- EXPENDITURES
- Medical, pharmacy, and dental insurance was budgeted at a $3 \%$ decrease at the same time employee contributions declined.
- Projected actual costs total $\$ 17.5$ million, while the appropriation is just $\$ 16.7$ million.

## 2019-20 Legacy Challenges

## The impact of reduced employee share is material. Not only did the percentage decrease for some staff, but 45 employees shifted to family coverage.

| PENNSBURY SCHOOL DISTRICT |  |  |  |  |  |  | 2/18/2020 |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |

|  |  |  |  |  | 2020-21 | 14\% |  |

## 2019-20 Legacy Challenges

- STRUCTURAL BALANCE
- The 2019-20 budget already included fund balance appropriation of $\$ 1.541$ million.
- Our baseline is now nearly a $\$ 3.4$ million draw on fund balance.

| Budgeted draw on fund balance | $\mathbf{\$ 1 , 5 4 1 , 0 0 0}$ |
| :--- | ---: |
| Value of one mill | 895,000 |
| Health care projected > budget | 735,053 |
| Additional paraprofessional support | 387,258 |
| Update draw on fund balance | $3,558,311$ |

Source: PDE Special Education Data
Between 2016-17 and 2017-18, the number of special education students with the lowest cost special education needs (less than about $\$ 25,000$ a year) increased by about 15,000 students. The average annual growth in the number of students in this category is $2.27 \%$.

During that same time frame, the number of students with more significant special education needs (ranging in costs from about $\$ 25,000$ to $\$ 50,000$ per year) increased by about 220 students, and the average annual growth in the number of students in this category is $5.76 \%$.

Finally, the number of students requiring the most extensive special education programs and services (generally costing in excess of $\$ 50,000$ per year) increased by nearly 700 students. The average annual growth in the number of students in this category is $8.70 \%$.

## Statewide Challenge: Governor's Budget Proposal

## BEF Increases vs Local Pension Increases

2019-20 was the first year which BEF increases were estimated to be more than increase in local share of pension costs...2020-21 should be the same

|  | $\mathbf{2 0 2 0 - 2 1}$ Increase |
| :--- | :---: |
| Basic Education | $\mathbf{\$ 1 0 0 , 0 0 0 , 0 0 0}$ |
| Estimated Local Share <br> of Pension Increase | $\$ 98,000,000$ |
| Net Change | $\mathbf{\$ 2 , 0 0 0 , 0 0 0}$ |

* BEF amounts and increases based on actual/available budget line item looking back at the prior year.
** Estimates based on increase in state share of pension costs.

# Statewide Challenge: Governor's Charter Proposal 

## Governor's Charter Reform Proposal

Funding reforms

1. Establish a flat statewide cyber charter school tuition rate of \$9,500
2. Apply the special education funding formula recommendations to charter schools
3. Legislates using actual expenditures in tuition rate calculations instead of budgeted
4. Expands list of expenses that can be deducted from tuition calculation

- Federal funds
- Payments to charter schools
- Grants/Gifts to school district
- And more

Budget proposal includes estimated savings from charter reform

| Proposal | Est. Savings |
| :--- | :--- |
| Statewide cyber tuition rate | $\mathbf{\$ 1 3 3}$ million |
| Special education formula | $\mathbf{\$ 1 4 7}$ million |
| TOTAL | $\mathbf{\$ 2 8 0}$ million |

# National Challenge: Economic Growth 

## Composition of the Growth of Real Potential GDP

Over the next decade, real potential GDP is projected to grow faster than it has since the last recession because of faster growth in potential labor force productivity. However, growth in the potential labor force is projected to be slower than in previous periods, largely because of the aging of the population.

Source: Congressional Budget Office.

# National Challenge: Federal Deficits 

## Total Deficit, Primary Deficit, and Net Interest

Percentage of GDP

In CBO's projections,
primary deficits fluctuate between 2.3 percent and 2.9 percent of GDP over the next decade, but total deficits grow because of rising interest costs.

## Budget Basics

- REVENUES
- Local
- State
- Federal
- EXPENDITURES
- Salaries
- Benefits
- Services
- Materials
- Debt Service \& Other

## Key Assumptions 2020-21

- The preliminary budget already reflects the assumption of 23 retirements creating a savings between the incumbent and replacement salary and benefit expenses.
- Historical growth in property assessment is already factored, along with the Act 1 index.
- There is no allocation for new positions.
- There are no hidden set asides for anything.

|  |  |  |  |
|  |  |  |  |

## Health Care Strategy 2020-21

- We explored the following:
- Pooled self-insurance (Delaware Valley Health Insurance Trust) vs. stand-alone selfinsurance.
- Alternative pharmacy benefit manager (e.g., Capital) and formulary (e.g., select versus premium).
- Stop-loss coverage deductible level.
- Staying self-insured with IBC as the platform is the least disruptive.

## Cost Reduction:

## Stop-Loss Insurance

## PENNSBURY SCHOOL DISTRICT

ANALYSIS OF STOP LOSS INSURANCE
This analysis takes the 19/20 policy and three deductible scenarios for 20/21 and captures the theoretical value of the policy had it been in place over the last three fiscal years.

## 2019-20 Policy \$175K

Deductible Level
Aggregate Specific Corridor
Total Lasers if 2019
Policy Cost
Reimbursement if was in force
Theoretical net if was in force

## 2020-21 Scenario \$200K

Deductible Level
Aggregate Specific Corridor
Total Lasers if 2019
Policy Cost
Reimbursement if was in force
Theoretical net if was in force

## 2020-21 Scenario \$250K

Deductible Level
100,000

# Projected millage rates 2020-21 to 2029-30 

- 2019-20 starting point was one (1) mill lower than the Board intended.
- 2020-21 reflects the $2.6 \%$ Act 1 index.

# What can you do to help? 

 Become an advocate.- Advocate for charter school reform:
- Pennsylvania school districts spend more than $\$ 1.8$ billion in taxpayer money annually in mandatory payments to charter schools.
- The current funding formula, created in 1997, forces school districts to pay charter schools based solely on district expenditures with no basis on what it actually costs to educate the child in the charter school. If adopted, Governor Wolf's proposal would saves PSD an estimated \$700,000 annually.
