INTRODUCTION

The Pennsbury Board of School Directors adopted the 2014-2015 budget on June 17, 2014. The 2014-2015 budget totals \$181,699,000, which requires a 2.0% increase of real estate tax. The total real estate tax rate for 2014-2015 is 153.45 mills.

This year's budget reflects property tax relief from gaming revenues under the Act 1 legislation. The District will receive \$4,157,975.25 in property tax relief that will be passed on to eligible homeowners by way of a reduction in their 2014-2015 tax bill. The amount of this reduction is \$233.24 per eligible homestead/farmstead property owner.

The 2014-2015 Final Budget reflects a 2.1% increase in the real estate tax rate, which is the allowable base index. For taxpayers who own homes assessed at the district average of 31,487, this equates to a \$101 property tax increase. The following chart details the 2014-2015 residential tax increases for the average assessment in each municipality.

| | Average Residential Tax Increase |
|--------------------------|----------------------------------|
| Falls Township | \$70 |
| Lower Makefield Township | \$132 |
| Tullytown Borough | \$60 |
| Yardley Borough | \$74 |
| | |
| District Average | \$101 |

It is important to note that the final budget was developed in light of the following major risks:

- As of June 17, 2014 the Commonwealth Budget proposed by the Governor had not yet been approved by the General Assembly.
- Receipt of local revenue carries some risks, which depend on many factors, primarily growth of assessments and general economic conditions.
- The budget for salary and benefits may be inadequate for unforeseen increases m enrollment and student needs.

Risks (Cont'd.)

- The budget for charter schools, IU programs and private school placements may be inadequate for unforeseen enrollments and unknown student needs.
- The benefits budget may be inadequate for unexpected demands of self-insured medical benefits.
- New state or federal mandates may create the need for unbudgeted expenditures.

The budget process at Pennsbury is a year round series of events which is intended to produce the best possible operating budget for the School District. Highlights of the budget schedule are listed below:

| September 12, 2013 | Distribution of budget information to budget managers |
|--------------------|--|
| October 31, 2013 | Last day to submit General Fund requests |
| November 12, 2013 | First Administrative Budget Committee meeting |
| December 12, 2013 | First Draft Budget presented to Board Budget Committee |
| January 9, 2014 | Board adopted Act 1 Resolution |
| May 8, 2014 | Proposed Budget presented to Board for approval |
| June 17, 2014 | Final Budget presented to Board for approval |
| | |

In accordance with Act 1, the Taxpayer Relief Act, property tax increases are limited to an inflationary index ¹, which is calculated by the Pennsylvania Department of Education. If the proposed tax rate increase is expected to be greater than the index, school districts are required to seek voter approval at the primary election. School districts may, however, also apply for up to four exceptions². Exceptions were designed to allow for the increasing costs that are out of the district's control. If the exceptions are approved by the Pennsylvania Department of Education (PDE), then the proposed tax rate may increase by the index plus approved exceptions.

The base index is calculated by averaging the percent increases in the Pennsylvania statewide average weekly wage and the federal employment cost index for elementary/secondary schools.

² Four exceptions may be sought from the Pennsylvania Department of Education: School Construction-Grandfathered Debt, School Construction-Electoral Debt, Special Education Expenditures, and Retirement Contributions.

Act 1 (Cont'd)

The 2014-2015 index for Pennsbury is 2.1%. Although the district may have qualified for allowable exceptions, the School Board adopted an Act 1 resolution on January 9, 2014 that limited the property tax increase to the 2.1% index. This action rendered the District ineligible to apply for exceptions or a voter referendum.

Budget Process

The budget process at Pennsbury is designed to make the best use of limited financial resources, which our community provides to meet the educational needs of our students. During the budget process, the following criteria are central to decision making:

- Board approved curriculum, programs and services
- Student learning and development
- Parental support
- Pennsbury's tradition of educational excellence
- Staffing constraints
- Funding constraints

The Administrative Budget Committee began its regular meetings in November to monitor and coordinate the budget preparation. The committee is made up of the Superintendent, Business Administrator, Assistant Superintendent for Curriculum & Instruction, Assistant Superintendent for Administration, Director of Financial Services, four school principals and several other central office administrators. The Administrative Budget Committee makes important contributions to budget development and takes steps to improve financial management processes. Furthermore, the committee provides valuable coordination and communication with respect to the budget.

The preparation of a detailed first draft budget begins in September. At that time, budgeting materials are distributed to budget managers. These materials form the basis of the expenditure budget, staffing plan and the capital plan. Budget managers, the individuals who prepare the first detailed budget inputs, are central office administrators, school principals or assistant principals, support department administrators and curriculum coordinators. In short, everyone who has general fund financial management responsibility at Pennsbury is involved at this stage of the budget process.

The budget managers identify needs and prepare budget documents as directed by the Administrative Budget Committee and as prescribed in School Board policy. Budget materials for the general fund are distributed by the Purchasing Department in coordination with the Director of Physical Plant and Facilities. These same people process the budget materials, which are submitted by the budget managers.

Budget Process (Cont'd.)

Budget managers are required to prepare their budget using allocations. The Administrative Budget Committee establishes an allocation for each budget manager. The allocations reflect contractual obligations, mandates, enrollment changes, cost changes and the financial environment that is anticipated for the upcoming year. Each budget manager then prepares his/her budget and ensures that the most important needs are met with the limited funds that are allocated.

The budget managers complete their work on the budget inputs in the form of general fund and capital plan documents, which are submitted and compiled by the Director of Financial Services and the Purchasing Department. At the same time, the Director of Human Resources receives staffing information to prepare the staffing plan and personnel budget. The Business Administrator processes all capital plan items and requests for over-allocation expenditures in direct consultation with budget managers and the Administrative Budget Committee. Finally, the Director of Financial Services, in conjunction with the Business Administrator and the Superintendent, prepares the detailed revenue budget. These pieces of the budget are then brought together to become the first draft of the budget. The first draft is presented to the Superintendent and the Administrative Budget Committee in November. After refinement, the first draft budget is presented to the School Board in December. Act 1 requires the School Board to adopt either a preliminary budget or a resolution limiting the real estate tax increase to the state index. This year the School Board adopted a resolution limiting the tax increase to the 2.1% index.

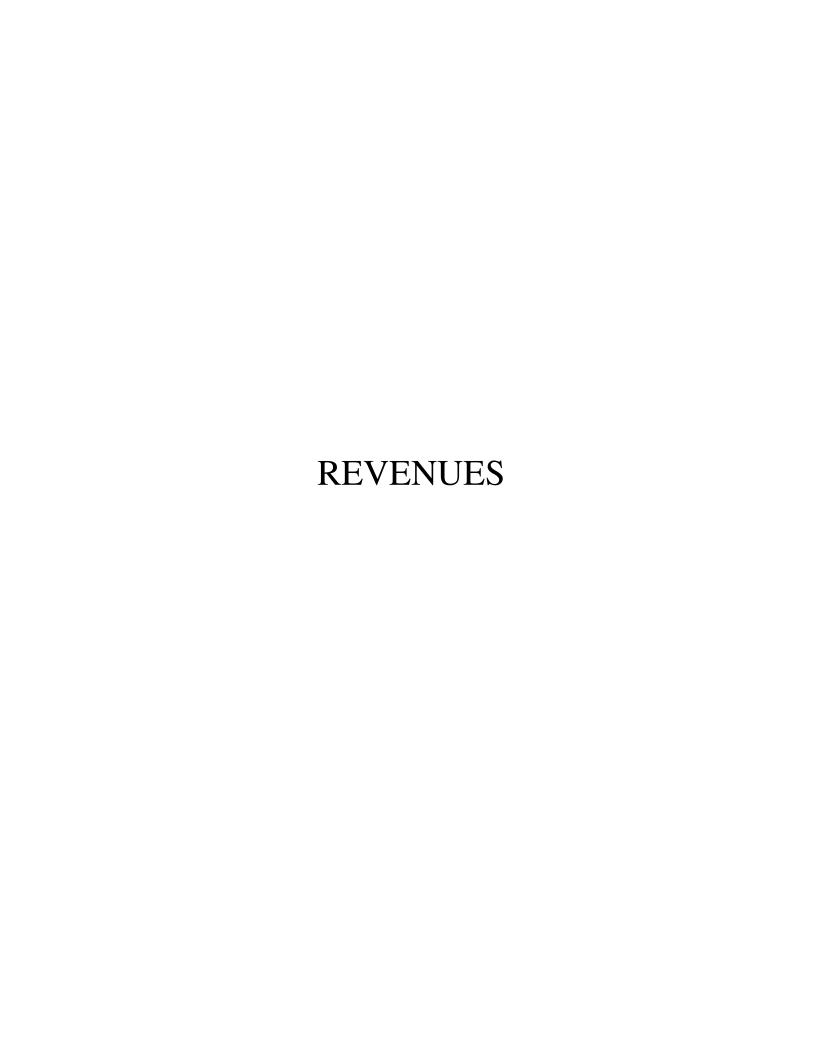

Further review and refinement occurs and the first draft budget is updated to reflect new information and adjusted to reflect the direction of the Superintendent and/or the Board Budget Committee. The updated first draft budget becomes the proposed budget, which is presented to the full School Board for adoption in May. After adoption, the proposed budget is distributed for public review, as required by the School Code.

Work continues to update and amend the proposed budget. Once again, revenue and expenditure data are refined. Budget managers get one more look at their budgets and further adjustments are made to meet School Board direction and/or expectations.

Finally, the general fund budget is approved by the School Board in June. The approved budget, implemented on the first business day in July, is then Pennsbury's major financial planning and control instrument for the entire fiscal year.

The budget process is long and involved, but necessarily so for several reasons. First, the process involves many people, including the budget managers, administrators, the Superintendent and the School Board. Second, the process is intended to keep these same people, as well as staff members, parents and the community informed. Third, a vast amount of information from many sources, which becomes available over many months, is necessary to build the budget. Fourth, and most important, the budget process helps to ensure the best utilization of limited financial resources to meet educational needs. In other words, the budget process provides a way to balance the educational needs of our students with the ability of our community to pay.

REVENUES

The general fund budget is divided into two major parts, the revenue budget and the expenditure budget. The revenue budget consists of revenue from local, state, and federal sources and fund balance appropriation.

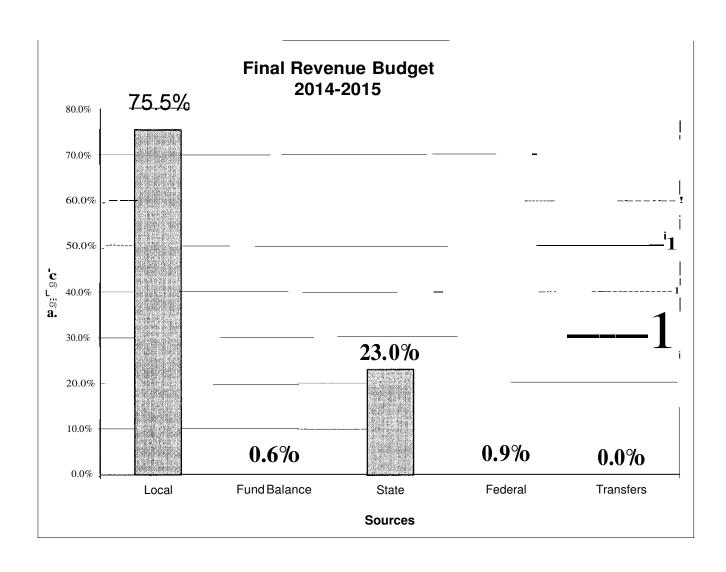

Local real estate tax revenue is the largest source of revenue and is the most important item of the entire revenue budget. The real estate tax rate is levied by the School District in mills. A mill represents one thousandth (.001) of the assessed value of a parcel of real estate. So, when we say the School District's real estate tax rate is 153.45 mills, that means the tax due on a parcel of real estate is .15345 times the assessed value of the parcel. In Pennsbury all property is assessed at 100% of the 1972 fair market value.

The value of a mill for 2014-2015 is \$860,126 based on assessments of \$893,173,470 from the May 2014 duplicate and a collection rate of 96.3%. The value of a mill represents the amount of tax revenue that is expected to be collected per each mill of the tax rate. The value of a mill depends on the value of assessments in the School District and the collection rate, since not all real estate tax is collected at face value or collected in the current year.

The following points are highlights of the 2014-2015 revenue budget:

- The local real estate tax rate increased 2.1% or 3.15 mills.
- Interim and transfer tax revenues are budgeted relatively flat due to the decline in the housing market and the downturn in the economy.
- The state revenue line item entitled "State Property Tax Reduction Allocation" reflects the \$4,157,975 the District will receive from the state for property tax relief. This allocation is not additional funding for the District. The property tax relief will be passed on to eligible homeowners by way of a reduction in their tax bill. Therefore, a corresponding reduction of \$4,157,975 is reflected in the real estate tax line item.
- Interest on investments is budgeted less than last year. This revenue amount reflects the decline in short-term interest rates in the current economic environment as compared to a few years ago when rates were much higher.
- State subsidy data is uncertain since the Commonwealth Budget proposed by the Governor has not been approved. State subsidies were budgeted with no increases except for state retirement payments.

Details of the 2014-2015 final revenue budget, along with comparative data, can be found on the following pages.

EXPENDITURES

The expenditure budget includes all the expenses of the School District and is presented by program and major type of expenditure in accordance with the Pennsylvania School Accounting Manual.

Salaries and benefits comprise the largest portion of the expenditure budget at approximately 75.6%. The remaining 24.4% of the expenditure budget funds all other expenses, i.e., instructional materials, utilities, transportation, professional services, vocational technical education, and debt service. As in past years, debt financing of capital needs is planned.

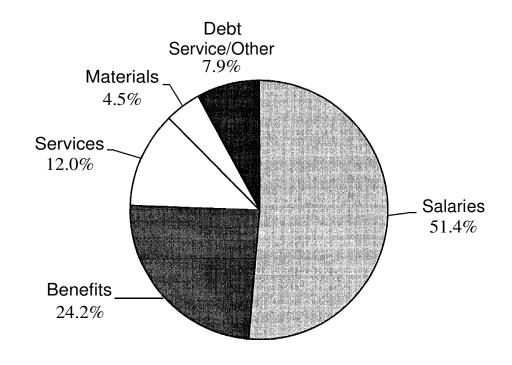

The 2014-2015 final expenditure budget increased 2.0% and maintains current School Board approved curriculum, programs and services with the highest educational value.

The following points are highlights of the 2014-2015 expenditure budget:

- Expenditures for salaries and benefits account for 75.6% of the budget.
- Salaries and wages are budgeted at \$93,376,562, an increase of \$1,367,572 or 1.5%.
- Benefit costs are budgeted at \$44,004,738, an increase of \$2,841,597 or 6.5%.
- Regular education costs are budgeted at \$75,540,868, an increase of \$190,024 or 0.3%.
- Special education costs are budgeted at \$32,062,505, an increase of \$399,937 or 1.3%.
- Vocational education costs are budgeted at \$7,202,949, an increase of \$531,762 or 8.0%.
- The total expenditure budget equals \$181,699,000, an increase of \$3,555,000 or 2.0%.

Details of the 2014-2015 final expenditure budget, along with comparative data, can be found on the following pages.

NONPUBLIC SCHOOL PROGRAMS

FUNCTION 1500

Activities for students attending a school established by an agency other than the State, a subdivision of the State, or Federal government which usually is supported primarily by other than public funds. This includes services provided by the I.U. to nonpublic schools and paid with Title I federal funds.
